PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with 1.5 years of experience delivering scalable, high-performance web applications. Expertise in React.js, Python (Flask), Node.js, and MySQL, with proven ability to design and integrate RESTful APIs and manage state with Redux, improving application efficiency and user experience. Adept in Agile methodologies, version control with Git, and cloud technologies. Passionate about clean code, problem-solving, and delivering impactful business solutions.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap

Backend: Python (Flask), Node.js, Java, C++, PHP **Databases:** MySQL, MongoDB, PostgreSQL **Dev Tools:** Git, GitHub, VS Code, Postman

Cloud & Analytics: AWS (Athena), Google Cloud Platform, Databricks, Google Analytics, IBM SkillsBuild

Al & Data: Pandas, NumPy, Matplotlib, Seaborn, Streamlit, Generative Al

Methodologies: Agile, Scrum, Jira

Operating Systems: Windows, Linux (Redhat, Ubuntu)

PROFESSIONAL EXPERIENCE

Full Stack Developer

Exito Designz, Bengaluru | June 2024 - Present

- Delivered 5+ fully responsive web applications using React.js, Tailwind CSS, Python (Flask), and MySQL, improving customer engagement by 30%.
- Integrated RESTful APIs for user management, product catalog, and admin dashboards, increasing data retrieval speed by 25%.
- Implemented Redux for efficient state management, reducing UI bugs and enhancing app stability by 40%.
- Optimized DOM manipulation and asynchronous rendering, resulting in a 20% performance boost.
- Collaborated within Agile teams using Git/GitHub and Jira, contributing to sprint planning and continuous integration.

Software Engineer Intern

Exito Designz, Bengaluru | Dec 2023 - May 2024

- Developed reusable UI components with React.js and Tailwind CSS, improving front-end development speed by 15%.
- Integrated backend APIs and implemented server-side validation using PHP and Python, enhancing data security and accuracy.
- Conducted responsive testing across multiple devices, reducing front-end bugs by 30%.
- Participated in weekly Agile sprints, delivering prioritized features on schedule.

PROJECTS

Personal Portfolio Website

Technologies: HTML, CSS, JavaScript, React, GSAP, Locomotive.js

- Designed and deployed a fully responsive portfolio site featuring modern animations, attracting over 300 visitors within 3 months.
- Automated deployment using GitHub Actions for seamless updates.

Dynamic JavaScript Web Application

Technologies: HTML, CSS, JavaScript, React

• Created an interactive web app with dynamic UI transitions ensuring cross-browser compatibility and responsiveness across devices.

CERTIFICATIONS

- Introduction to Artificial Intelligence Coursera
- Color and Shape Detection Using AI IRJMETS
- Google Analytics Certification Skillshop
- Amazon Athena Certification AWS
- Data Fundamentals IBM SkillsBuild
- Generative AI Fundamentals Databricks
- Introduction to Generative AI Google Cloud
- Agile Project Management HP Life

EDUCATION

Bachelor of Technology (B.Tech) in Computer Engineering S.R. Pandav Engineering College, Nagpur University | 2024

CGPA: 8.47 / 10

Higher Secondary Certificate (HSC) – Science Maharashtra State Board | 2020 | 65% Secondary School Certificate (SSC) Maharashtra State Board | 2018 | 77%
